We will continue to provide our SAME DAY service from Perth to Bunbury, and of course our overnight services remain unchanged. Whilst it may seem counterintuitive to reduce services offered to find improvement, we are confident that this change will enable us to provide a more consistent and reliable service offering across our entire network.

We understand that this change may trigger the need for adjustments in your business, and we apologise for this. Our team appreciates your understanding in accepting this change, and we thank you for your ongoing support.

Regards,

Brett Andrews,
General Manager
